

## **PLACEMENT REPORT 2017**

### **Executive Placements (2015-2017) – 32<sup>nd</sup> Batch**

### **Summer Placements (2016-2018) – 33<sup>rd</sup> Batch**

Placements season this year was not only successful but brilliant in terms of matching students' interests and their aspirations. On Day 1 (20<sup>th</sup> November 2016) of the executive placement process, 73 offers were made by 21 companies. The companies represented all major industries in the economy and ensured that students have a choice when they make the most crucial decision of their career. Overall 137 offers were made to the eligible students during the entire placement process by 68 companies.

The summer internship process which is also known as corporate immersion programme attracted 57 companies across different industries and made 120 offers. This programme expects students to get a first-hand experience of an industry and organization of his/her choice. This programme is made additionally rigorous by assigning a faculty supervisor who not only monitors the progress of the project but also interacts with the project guide in the organization to gain an understanding of the organization, its business and its culture. This helps both the faculty and the Institution in forging the deeper connect with the organization leading to an enduring and mutually beneficial

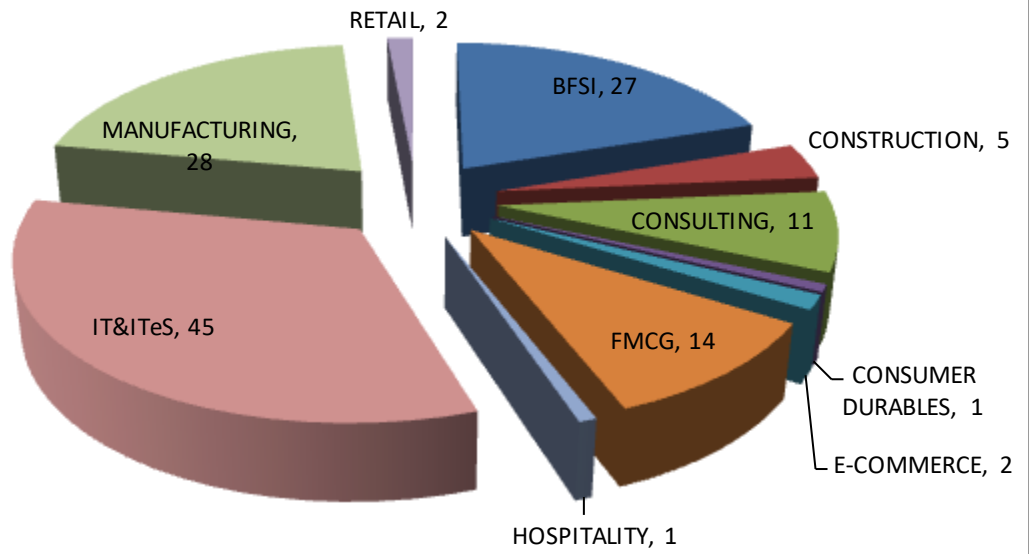

relationship.
