Minimum CTC – 6.00 LPA

The placement team strives to provide students an appropriate role that leverages his uniqueness and strengths and therefore a joyous start to his/her career and prepare a life of success and happiness. The PGP program is so structured that students are able to discover their strengths, develop areas of interest and convert their passion into a career. The placement process is in sync with the PGP program and begins with personality exploration, numerous counseling sessions and gradual discovery of interests and expertise. The process includes Personality Growth Laboratory, a battery of Psychometric Tests and frequent interaction with industry stalwarts to enable students to make informed choices.

The result of this process is that today a large number of our alumni don the top most position in organizations across the world. They are our pride and flag bearers and an elite club within the realms of corporate scene led and directed ably by the BIM Alumni Association.

The offers made to our students were spread across following sectors and functions:
