BATCH 2018-2020 (SUMMER INTERNSHIP)

Another hallmark in the BIM experience is its Corporate Immersion Program (CIP). It is a three-month-long summer internship that forms a part of BIM's curriculum. Companies perceive our Corporate Immersion program as a prospective opportunity to evaluate the capabilities as well as the learning of students. Over the past few years, there has been a notable rise in the number of Pre-Placement Offers and Pre-Placement Interviews that the students have received from the Corporate Immersion Program, showcasing the trust of recruiters on BIM.
